1985 Industry master metal  
1985 –1989 REFA Technicians  
1985 Engineer for work safety  
1989 –1989 MTM-Practitioners  
1989 VDI – examined worth analyst  
1991 – today SAP trainings  
1992 REFA – teacher  
1995 QM – certificates

### **Industries**

Machine building, Aircraft Building, Dentist accessories , Chemical industry, German military, Automobile parts, Attendance, Banks, printed circuits industry, packaging industry, electronic industry,

## Main tasks

### **SAP – project experience Module MM:**

Purchasing with all functions(PR, PO, contracts, scheduling agreements,RFQ,Quotation)  
Inventory management, Batch Mangement, HU Management, KANBAN; VMI  
Customization MM Module, Migration  
Master Data setup MM  
Physical inventory  
Import Customs processes with SAP /AEB  
Design of picking papers with barcode  
Concept, customizing, realization  
Trainer for MM Modul all Functions  
Interfaces to FI, PP, SD,PM

### **SAP – project experience module WM:**

Automatically maintenance for production with control circuit  
Transport orders  
Design of transport orders with barcode  
Implementation of barcode in stock logistic  
Storage strategies  
Design of interfaces to external stock systems  
Concepts, customizing, training and realisation

### **SAP - project experience module PP:**

Sales operation planning  
Installation of all types bills of material  
Installation of routings, standard routings  
Capacity planning  
Long term planning  
MPS/ MRP  
Interface to Paisy or HR SAP R/3  
Administration of the User data, entitlement concept  
Production order by:  
■ Individual processing MTS  
■ Collective processing MTO/ETO  
■ Process industry PP-PI  
■ Serial production  
■ Repetitive Manufacturing /IS - Automotive  
KANBAN  
Design of production papers with barcode  
Interfaces to MES systems  
Connection PP to HR ore Paisy with incentive wage  
Connection PP to SD  
Connection PP to WM  
Connection PP to FI  
Connection PP to CO  
Product costing, general costs objects  
Cost centres, activity type  
Create of reports with queries  
Variant configuration  
Concept, customizing, realization

### **SAP - project experience module CO:**

Product costing, CO internal orders, cost centres, activity type  
Physical inventory calculation  
Concept, customizing, realization  
Interface planning data's from PP to CO

### **SAP – project experience module SD:**

Preference calculation

Client orders by Individual processing  
Returned delivery management  
Chipping management with batch finding  
Handling Unit  
Export handling in SAP and AEB

**SAP – project experience module PM/CS:**

Serial- number managing  
Moult managing,  
technical centres, Equipments  
PM orders  
Service Orders in CS  
Concept, customizing, realization

**SAP – project experience module PS:**

Standard PSP, standard net, master data PS  
Project builder, Project structure planning  
Network planning, Simulation, capacity planning  
Concept, customizing, realization, training

**SAP – project experience module cross - function:**

Interface to different HR Systems with incentive wage  
Realization of classes and characteristics  
Creating of training scripts for end-users (over 1000 Users).  
Development of Reports with Queries  
Migration with Tools (LSMW or CATT)  
Batch management with all functions  
Hazard materials management  
Event management

**SAP project experience IS-AFS PP**

Master Data in AFS  
Grid and Coverage Strategys  
AFS MRP  
PIR in AFS  
Planned and Production Order in AFS, make to stock, make to order  
Combined Order  
Inventory Management incl. WM  
Purchasing  
Sales processes, Triangular Process, Ship to party, sold to party  
Allocation Run  
Customizing in PP, WM  
Realisation  
Training Key User in PP, WM

<b>Professional experience since</b>	1991
<b>SAP since</b>	1991
<b>Modules</b>	SAP R/3: PP, MM (main Focus), WM Also knowledge in QM, PS, PM, CO IS AFS - PP, WM, AEB,
